DETAILED ACTION

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on October 13, 2010 has been entered.

This Office Action is in response to Applicant's request for continued examination (RCE) filed November 15, 2010, and amendment and response to the Final Office Action (mailed May 13, 2010), filed October 13, 2010.

The examiner's amendment as follows was discussed with Applicant's representative on October 27, 2010. A notice of allowance was subsequently prepared, but was not mailed until November 19, 2010. The RCE filed November 15, 2010 was submitted before the notice of allowance, including the examiner's amendment, was mailed. The notice of allowance mailed November 19, 2010 is vacated. Thus, the examiner's amendment is repeated in this notice of allowance.

Claims 1, 5-7, and 22-25 are pending and are examined on the merits herein.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with T. Chyau Liang on October 27, 2010.

The application has been amended as follows:

In claim 1, step 6, lines 4-5, replace "benzyl, allyl, or diphenylmethyl group, wherein the benzyl, allyl, or diphenylmethyl group" with "benzyl or allyl group, wherein the benzyl or allyl group"

In claim 1, last line of step 7, replace "benzyl, allyl, or diphenylmethyl group" with "benzyl or allyl group"

The following is an examiner's statement of reasons for allowance: Applicant's arguments filed October 13, 2010 are persuasive. Upon further consideration, the art of record does not teach or fairly suggest protection under the conditions of pH 5-6. In view of Applicant's remarks and further review of the prior art with respect to benzyl and allyl protection, it is considered that the skilled artisan would conclude that Applicant had possession of the invention including allyl protection at pH 5-6 because benzyl and allyl groups have similar reactivities and would be expected to react in much the same way. The diphenylmethyl protecting group is removed by examiner's amendment set forth above.

Claims 1, 5-7, and 22-25 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to LAYLA BLAND whose telephone number is (571)272-9572. The examiner can normally be reached on Monday - Friday, 7:00 - 3:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Anna Jiang can be reached on (571) 272-0627. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
